

SNOHOMISH GARDEN CLUB
2019 YOUTH EDUCATION GARDEN GRANTS AVAILABLE
*****DEADLINE COMING SOON: November 19, 2018*****

The Snohomish Garden Club will be awarding grants to schools and/or other secular service organizations in the Snohomish area for horticultural projects planned in 2019. We encourage and are eager to receive applications for horticultural projects that will increase student awareness and/or educate them about seeds or plants, soil improvement, conservation, or the environment.

Examples of horticultural projects may include planning and planting a drought tolerant or butterfly garden in a school courtyard, starting and/or growing plants with or without using grow lights in a classroom, composting by using worm bins to recycle paper and food scraps, replanting a stream bank with native plants, learning about beneficial insects, or inventing your own creative horticultural project. These are only a few suggestions. Be resourceful and use your imagination!

To be eligible, projects must be planned for 2019. Horticultural projects may take place in the classroom, on the school grounds, or at another location, and need to involve children in grades K-12. The grant is intended for materials and supplies for a plant project. Note: As follow-up, grant recipients are requested to send pictures or narrative of completed projects to Lynda Quinn, by hard copy or via E-mail. Not doing so may affect an organization's future funding requests.

APPLICATION PROCEDURES:

1. Please complete the application by typing or printing legibly. You may also request an application electronically, by sending an E-mail to Lynda.
2. Applicants may choose to enclose photographs, drawings, brochures, or printed materials that might help the Grant Committee understand the project.
3. Submit completed applications, **postmarked or E-mailed by November 19, 2018** to:

Snohomish Garden Club
Attn: Youth Education Garden Grant Committee
P.O. Box 1204
Snohomish, WA 98291

4. Applicants will be notified by February, 2019, and are invited to attend the Garden Club meeting in February for the award of the grants. Meeting is at 7 p.m. on the second Monday of the month, at the Snohomish Senior Center, unless otherwise notified. Should you have questions, or receive an award and plan to attend the meeting, please contact **Lynda Quinn at 425-210-2680 or E-mail: ranlynquinn@hotmail.com**.

Thank you for your interest and participation!
